Attention: Farming Community

Dear Valued Customer and Business Partner,

COVID-19 FIRESTONE AND BRIDGESTONE PRODUCT AVAILABILITY

At Bridgestone, the safety, health and well-being of our employees, customers and partners, and the people who are part of the communities where we carry out our activities, while safeguarding the continuity of our business, are our first priority.

We are closely monitoring the situation and taking necessary steps as things progress. We have taken measures to align our supply with the drop in demand in the market and are operating on a small scale to be able to service those in need in compliance with the South African government regulation during this period. We are committed to serving our farming community, especially during these challenging times.

Should you require any of our Firestone or Bridgestone agricultural products during this lockdown period, you are welcome to contact any of our distributors or alternatively contact us directly. Direct calls resulting in transactions will be guided through one of our nationwide distribution points including Supa Quick and Bridgestone Commercial.

For further information, to place orders, assist with the execution of orders, please make use of our available staff:

- Stephan van Staden (National) – SVStaden@bridgestone.co.za - 082 802 1538

While every effort is made to ensure prompt delivery, our logistical service providers also need to adhere to the rules set out by government regarding Covid-19, and we might experience some delays in the delivery of tyres. A more accurate lead time will be communicated upon order placement.

Rest assured, in each location, the measures being adopted take into consideration the health and safety of our workers as an absolute priority, and the specific characteristics and particular circumstances of that location.

Please contact us should you have any queries, and we trust that you will stay safe.

Kind regards,

Willie Stander
